WARNING

TO ALL MEMBERS PLEASE BE ADVISED OF THE FOLLOWING EMAILS WHICH I RECEIVED

Dusty - re the suspicious foreign looking man trying to flag down a lone female

- various people reported a similar person on quiet roads around **Romsley / Kinver / Enville / Wolverley**
- incidents happened over last year
- vehicle was a silver BMW / | Mercedes car
- male's story was that his credit card had broken, he had a sick baby in the car, could he exchange this watch / jewellery / mobile phone for cash

I was traveling last week along the road to **Babbinswood** near the Otis fuel centre, adjacent to the A5 that goes to Oswestry and a foreign looking male had his car parked on the side and tried to wave me down. Yesterday I was on the **A5 Shrewsbury to Oswestry** near Shottaton Crossroads and again he looked the same and it looked like he was driving a car written along the side like a taxi, silver coloured car, and this time he came out into the road waving me down. Just a warning to make sure, I am a female alone, no one falls for this trap. I drive on this road twice a week at the moment if I see him again I will try and get his reg and up date you.

ANY FURTHER SIGHTING PLEASE REPORT TO THE POLICE AT ONCE
