

On the 20th November Lawley Running Club are once again showcasing the stunning scenery of Beckbury and surrounding areas, with the Beckbury Trail, a 5.6 mile run, this year the run will commence at 11am. As with last year's event all profits will be donated to worthy causes/ charities.

As with any event of this size you will undoubtable notice an increase in traffic and people around the village, to manage this we will have a team of marshals to supervise and make sure there is as little disruption as possible.

The Course

The course is predominantly along the trials of Beckbury and the surrounding villages some small sections of the course do take the runners along the road, the whole course will be fully marshalled. Please see map on the reverse for the full route.

Set Up

The course along with signage will be set up on Saturday 19th November from 11am, the course will be fully checked on Sunday 20th November before the runners are set off.

Parking

Attendees shall be fully directed to off road parking adjacent to the start area on Highfield Lane, this is our preferred place of parking however we have got contingency plans in place to use alternative parking if needed. The parking shall be full directed by our team of marshals.

Race Registration/ Number Pick up

Race registration and number pick will be held in our headquarters for the weekend at the Beckbury Village Hall. Again there will be NO Parking outside the village hall.

Water station

The water station for the competitors will be held down the gravel drive off Stableford Road in Ackleton, again this will be fully marshalled and all rubbish will be removed prior to the marshals leaving there position.

During the Run

During the run we will have Two tail runners who will be supplied with a bag to collect any rubbish that may be dropped along the route. ALL COMPETITORS WILL BE ADVISED TO HAND ANY RUBBISH TO MARSHALS DURING THE RUN.

Post Run Presentation

The presentation for the run will be either held adjacent to the finish line, weather dependant or in the Beckbury Village Hall.

Site closedown

Once the presentation has been completed our close down team will get to work dismantling the finish area and removing all signage form the course, this shall be completed before we leave the village.

Contact details

If you require any further information please contact beckburytrail@gmail.com or look on www.beckburytrail.co.uk

On the day if you have any concerns please contact Lawley Running Clubs Event Director Richard Handley on 07977284303.
