Information as it becomes available in regards thefts and warnings in your area.

Rural News from around the Patch

“WELL FOLKS SOME GOOD NEWS AT LAST”

I refer to the “GIVE WAY” sign at the junction of Lizard Lane and the A5 at Burlington

Well it's taken 11 months to get Shropshire Highways to repair this sign which was lying in the hedge and any motorist could have driven straight out into traffic travelling at high speed on the A5 Council rep. taken on conducted tour of the area in January 2016 where 12 items of concern were pointed out to him, including the “Give Way” sign, on the 19th May 2016 I used the “Fix My Street” on the web. made report, acknowledgement received, survey sheet filled in very 4 weeks, next survey will be at 28 weeks, both Councillors were informed, as was the Police, but last week “I Don't Believe It” sign is now facing the right way, also we now have NEW “7.5 tonne weight limit” signs at Burlington X roads and Nanny Murphy's Lane.

Success at last after 11 months of Hassel.

STAFFORDSHIRE POLICE

Details of incident of wildlife crime from member of Farm Watch

your latest Smart Alert.
