Perry Pear Trees Vandalised

Substantial reward for successful information received for this mindless crime

Mr Turner the Chairman of the Gloucestershire Orchard Trust (<https://gloucestershireorchardtrust.org.uk/longney/>) and part of the conservation team for the Perry Pear Trees, has been growing and nurturing several trees over the last seven years only to find that five of the pear trees have been maliciously cut down. This happened sometime between the afternoon of the 14th December 2016 and 0800 hours on the 15th December on the Eldersfield and Staunton border. Mr Turner is offering a substantial reward for any information that leads to an arrest of the perpetrator. The Perry Pear Trees are centuries old and the process to maintain these rare varieties of trees is a lengthy project.
